

DESTINATION PARADISE

Kids With a Mission—Pastor Letter

Dear Pastor,

Studies and research show that service and outreach are extremely important to today's child. They are being raised to care about and become involved in the world around them. They want to meet needs and help make the world be a better place. At *Investigation Station: Destination Paradise* VBS we are offering an opportunity for children to help other children.

Our goal at *Investigation Station: Destination Paradise* is to make our children aware of the needs at the Yap Seventh-day Adventist School in Micronesia. Many of the staff are student missionaries from around the world. These missionaries commit their time and energy to staff the school, but the school has few supplies to work with. This year's VBS mission project will involve sending money or supplies to the Yap SDA School.

Please join us in our Sunrise Reef mission project by encouraging the participation of your congregation. Your support and prayers can make a big difference in the lives of the children in Yap.

Your VBS director has the instructions for collecting and distributing the funds. Thank you for investing in the growth and training of our children.
